This TMD does not consider any person’s individual needs, objectives or financial situation and does not provide financial product advice or recommendation on the cover.

Please note, that it is the Product Disclosure Statement and Policy Document that sets out the terms and conditions of cover. You must refer to the Product Disclosure Statement before deciding about this insurance.

PURPOSE OF THE INSURANCE

This Excess Refund Insurance product has been designed to compensate individuals for losses incurred through the use of a rental vehicle whilst an individual is travelling.

The policy will reimburse the excess you must pay under a rental agreement following an incident involving a rental vehicle. The policy also provides additional benefits, such as reimbursement of costs incurred due to lost or stolen keys, as a result of misfuelling or administration charges levied by the rental company. The policy also covers personal possessions damaged or stolen from the locked boot, covered luggage area or glove box of the rental vehicle. The policy also provides overseas medical and hospital charges if the injuries are sustained in an accident involving the rental vehicle.

This Target Market Determination (TMD) sets out the target market for:
