When You purchase this EV Warranty, You benefit from having certainty of the period of cover and the remedy You will receive together with the convenience of having these remedies efficiently managed for You by Us.

Please carefully read this Product for the full Terms and Conditions.

Important Notice: AWN is authorised by ASIC to provide miscellaneous financial risk products designed to help You manage financial risk associated with Your Motor Vehicle. While this Product offers You protection for Your Motor Vehicle, it is NOT an insurance product, and You should seek Your own financial advice if You do not understand the Product.

1.6 AUTO AUTO AUSTRALIA

AWN has relationships with Auto Auto Australia and their representatives who have been authorised by AWN to deal in relation to this Product. We may pay a remuneration to Auto Auto Australia when they sell Our Products. For further details see the Financial Services Guide (FSG) supplied by Auto Auto Australia.

1.7 DISCRETIONARY RISK OF THE EV WARRANTY

AWN has discretion as to whether it will or will not pay a Claim that falls within the EV Warranty Terms and Conditions and Limitations. AWN will not exercise that discretion in a way that is unfair and unconscionable, within the Terms and Conditions and limitations of the EV Warranty and will always consider the merits of the Claim and the requirements of the applicable State and Commonwealth legislation.

We also have a comprehensive Complaints Resolution Process (Section 3.15) which is explained in this document.

As this EV Warranty is a discretionary product it does not offer the same level of protection as an insurance product. The level of protection is limited to the Covered Components listed under the heading Significant Characteristics of this Product only. However, AWN has satisfied the Australian Securities and Investments Commission (ASIC) requirements for an Australian Financial Services Licence.

This EV Warranty is not associated with the manufacturer of your Motor Vehicle nor is it an extension of any warranty that was provided by the manufacturer or the Selling Agent. Claims against the manufacturer or the Selling Agent may be available under the Australian Consumer Law. This EV Warranty is not a repair or maintenance program for your Motor Vehicle.

There is also a risk when purchasing this EV Warranty that one or more of Your Claims may exceed the applicable Benefit Limit for a particular Covered Component under this EV Warranty.

Detailed information about the EV Warranty Benefit Limits for each benefit under Your Product is listed under Significant Characteristics of this Product (Section 2.2). There is also a risk that if You fail to meet any of the conditions set out in this EV Warranty, AWN may not exercise its discretion in Your favour. Make sure You carefully read the Terms and Conditions for details of the servicing and other conditions that apply to this EV Warranty.

1.8 BENEFITS OF THE EV WARRANTY

This Product will benefit You should a mechanical and/or electrical failure occur, and that failure is caused by a defect, failure or fault of a Covered Component under the terms of this EV Warranty. In the event of a failure, Covered Components will be rectified up to the limits allowed. Terms of coverage and limits of liability are set out on the following pages.

The EV Warranty terms and limits of liability should be read in conjunction with Your Obligations (Section 2.8 of the Terms and Conditions).

The cover provided by this EV Warranty saves You the cost of repairs should a failure in a Covered Component occur. Further, AWN's experience, knowledge and expertise allow AWN to direct Your Motor Vehicle to the closest Approved Repairer. Parts for repairs can generally be sourced at a lower cost by AWN, which also represents a saving to You where a claim may exceed the limits of Our liability.

1.9 COST OF THE EV WARRANTY

The cost of the EV Warranty is dependent on the level of coverage You select. In addition to the Premium, You also need to pay any applicable taxes and/or charges such as Goods and Services Tax (GST). The total Premium and amount of these taxes and/or charges will be shown on Your application.

The total Premium will also be determined by the payment method used by You. If the Premium is financed or if You use a credit card, interest charges will apply but will differ depending on Your financial provider. Administration charges may also apply if You select to pay by instalments option.

1.10 COOLING OFF PERIOD

You may cancel this Product for any reason within 30 days from the Application Date by notifying Us in writing, or by calling Us on (07) 3802 5577 or emailing Us at claims@theclaimshub.com.au. This is known as the Cooling-Off Period. You will need to provide us with a letter to request cancellation of the Product during the cooling-off period.

If the Product has been issued to more than one person each person must authorise and sign the cancellation request.

Provided no Claim has been paid or You have not made a valid Claim, We will refund the amount paid, less any taxes, charges or duties which We cannot recover from other sources. After the Cooling-Off Period ends You still may have Cancellation Rights which are noted in this EV Warranty.

1.11 QUALITY GUARANTEE

All repairs to Covered Components authorised by Us prior to the commencement of work will also be covered by this EV Warranty for the remaining period of cover under this Product. You may also have the additional benefit of consumer guarantees under the Australian Consumer Law in relation to the quality of the repairs and any replacement components. Please tell Us if You are not satisfied with the authorised repairs.

1.12 PAY BY INSTALMENTS

You can choose to pay the Premium in instalments to help spread Your payment over time by one of two methods.

- Independent Third-Party Provider; or
- Monthly Payments by Administered Subscription

INDEPENDENT THIRD-PARTY PROVIDER

Please note this facility is not part of the Product Terms and Conditions as it is an additional service. Additional administration charges may apply to use this facility; therefore, the cost may be more than if You choose to pay the full Premium by a single payment. The third-party provider, if required, will provide any disclosure documentation for Your perusal and acceptance if You select this payment option.

The following additional conditions apply using the independent third-party provider pay-by-instalments option:

- If You are paying by instalments and an instalment remains unpaid for 14 days or more, without notice to or arrangement with the third-party provider, We may refuse a Claim.
- If You have an authorised Claim during the pay-by-instalment term, We may, after giving notice to You, deduct any outstanding instalments from the Claim amount We authorise.
- If You transfer the Product to a new owner throughout the term of the Instalment Plan, the balance of the Instalment Plan must be paid in full before the Product can be transferred. For all Transfer details, (Section 1.14) see below.
- If You fail to make a payment or repayment of the Instalment Plan in full by the due date the provider may, at its absolute discretion, charge a late fee proportionate to the additional fees and administrative duties applicable to the transaction.

MONTHLY PAYMENTS BY ADMINISTERED SUBSCRIPTION

The payment model is offered by Us and is a subscription model where you pay monthly instalments.

The following additional conditions apply using the pay-by-instalments option:

- You must ensure that Your first and any subsequent instalment Premium payments are made by the due dates. You are responsible for paying any outstanding Premium if we authorise Your claim.
- If You are paying by instalments and an instalment remains unpaid for 14 days or more, We may refuse a Claim.

- If an instalment payment is not paid, we will send You a missed payment notification, which informs You of Our intention to cancel the Product if it remains unpaid. After 3 attempts to seek payment (each attempt takes approximately 7 days), the Product is cancelled automatically based on the final missed payment notification.
- If You transfer the Product to a new owner throughout the term of the Instalment Plan, the balance of the Instalment Plan must be paid in full before the Product can be transferred. For all Transfer details, (Section 1.14) see below.
- If the Product is cancelled for any reason, a cancellation fee of \$100.00 will be incurred. This fee covers administrative, and processing costs associated with the cancellation.

DEDUCTIONS FROM YOUR CLAIM

If You make an authorised Claim during a pay-by-instalment period, the outstanding balance of Your Instalment Plan must be paid in full before We can proceed with authorising the Claim.

If prior arrangements have been agreed in writing, We may instead deduct any unpaid Premium, including any overdue instalments, from the authorised Claim amount.

DISHONOURD PAYMENTS

If any instalment payment is dishonoured or reversed for any reason, You remain responsible for the unpaid instalment and any fees or charges applied by Us or our payment service provider in connection with the dishonour.

Where permitted by law, We may recover all such dishonoured payment fees as part of the Instalment Plan and may require these amounts to be paid before a Claim is authorised or deduct them from an authorised Claim amount.

1.13 DOCUMENT REPLACEMENT

In the event You lose or are unable to locate Your Product documentation, You may apply for a replacement document. No fee will be charged if it is sent by email to You.

1.14 TRANSFER

This EV Warranty cannot be transferred to another motor vehicle or motor vehicle dealer.

If You are not in breach of the terms of this Product You may transfer the benefits of this EV Warranty to a new owner of the Motor Vehicle. As a prerequisite to transferring the Product, We require the following:

- Proof of a current Safety Inspection Report and ownership; and
- A Motor Vehicle inspection acceptable to Us; and
- You must provide the above and request to transfer the Product in writing to Us within 21 days of the change of ownership of the Motor Vehicle; and
- A transfer and administration fee of \$75 is payable to Us by the new owner.

2.1 ELIGIBILITY

This EV Warranty is available for certain makes and models (please note that not all makes and models are eligible, the Selling Agent will advise whether the make and model are eligible). For eligible makes and models, the Motor Vehicle:

- Has not been modified from the manufacturer specification which would have any effect on the Covered Components; and
- Is registered in Australia.

We will not authorise or pay a Claim or may reduce the overall Benefit Limit payable if your Motor Vehicle is:

- Used in competitions, rallies, racing, pacemaking, reliability trials, speed or hill climbing, or any other type of motor racing or competitive activity;
- Carrying and/or towing loads above the gross combination weight of the trailer and your Motor Vehicle, as specified by the manufacturer’s logbook recommendations;
- A rental vehicle;
- Cover does not apply where the Motor Vehicle is used principally for ride-share services, taxi services, commercial passenger transport or autonomous fleet operations unless agreed by Us in writing.
- Determined reasonably to be unroadworthy or unregistered;
- Being used outside of Australia at the time of the event resulting in a claim under this Product.
- Where manufacturer battery diagnostics identify abnormal charging patterns inconsistent with manufacturer recommendations, We may reduce or deny a Claim.

2.2 SIGNIFICANT CHARACTERISTICS OF THIS PRODUCT

This EV Warranty provides financial protection against the unexpected cost of repairing or replacing factory-installed mechanical and electrical components that suffer a sudden and unforeseen mechanical or electrical failure during the Period of Cover.

The scope of cover under this Product is limited to the factory-installed mechanical and electrical components that form part of the Protected Vehicle Systems listed below. These systems have been identified by reference to the original vehicle manufacturer’s mechanical and electrical systems but this Product is not provided by, endorsed by or associated with the vehicle manufacturer.

Only the mechanical and electrical components forming part of the Protected Vehicle Systems listed below are Covered Components under this Product. Any component, accessory or system not expressly included, or specifically excluded elsewhere in this Product, is not covered.

High Voltage Battery System	Battery Modules, Internal Contactors, Battery Management Hardware
Electric Drive System	Drive Motor, Inverter, Converter
Charging System	Onboard Charger, Charge Port Lock, DC Converter
Thermal Management System	Battery Cooling Pump, Compressor, Thermal Controller

NATURE OF COVER

We will contribute towards the repair or replacement of a Covered Component where:

- the Covered Component suffers a sudden and unforeseen mechanical or electrical failure;

- the Benefit payable does not exceed the applicable Benefit Limit shown on the Product Schedule.

Covered Components include only those factory-installed components supplied by the original vehicle manufacturer that form part of the above vehicle systems.

BATTERY STATE OF HEALTH

The High Voltage Traction Battery is expected to experience gradual capacity loss throughout its operational life.

A Battery Claim will only be considered where all of the following apply:

1. the manufacturer's High Voltage Battery Warranty has expired;
2. the battery has a verified State of Health of less than 70% of its original usable capacity;
3. the State of Health has been determined using the manufacturer's approved diagnostic equipment and testing procedures;
4. the loss of capacity results directly from the sudden and unforeseen mechanical or electrical failure of a Covered Component and not from Normal Wear and Tear, gradual degradation or operating conditions; and
5. the Battery Benefit Limit specified in the Product Schedule has not been exceeded.

BATTERY COMPONENT REPAIRS

Where the High Voltage Traction Battery contains a repairable failed Covered Component, We may authorise repair or replacement of the failed Covered Component rather than replacement of the complete battery assembly where, in Our reasonable opinion, the repair restores the battery to a safe and serviceable operating condition.

Replacement of the complete High Voltage Traction Battery assembly will only be authorised where repair of the failed Covered Component is not reasonably practicable or would not restore the battery to a safe and serviceable operating condition.

2.3 ADDITIONAL BENEFITS

1. Upon receipt of a Claim enquiry, We will check whether Your Claim is valid under this EV Warranty and that all service requirements have been adhered to; and
2. If so, We may ask for the Motor Vehicle to be inspected by one of their Approved Repairers; and
3. If the Claim is valid, We will give approval for their Approved Repairer to repair the Motor Vehicle within the terms of this Product.
4. Where We need to dismantle Your Motor Vehicle to diagnose for the purpose of assessing Your Claim, We may ask You to contribute if it becomes apparent the Claim is not a successful Claim. In this circumstance We will;
 - a. Ask Your permission to dismantle the Motor Vehicle;
 - b. Give You an estimate of the cost to dismantle and diagnose;
 - c. Make clear to You that those costs will not be reimbursed if the Claim is rejected.
5. No reimbursement shall be given for any work commenced without official authorisation being issued by Us to the Approved Repairer.

2.10 LIMITS OF LIABILITY

1. The Benefit Limit per Claim, including the Customer Care Package, is specified on the Product Schedule. The Benefit Limit indicates the limit of each Claim at any one time on any one Claim regardless of the number of Covered Components claimed against.
2. Customer Care Package: \$100 per Claim (up to a maximum of \$300 for the term of the EV Warranty). A Claim will only be considered where repair of a Covered Component is approved by Us under this Product and costs will be reimbursed to You on submission of paid tax invoices or receipts, received and approved by Us.
3. The Total Benefit Limit for the total of all Claims (including the Customer Care Package) shall not exceed the Market Value of the Motor Vehicle at the time of the Cover Commencement Date, as determined by Us, or the limit of \$120,000, whichever is the lesser.
4. We reserve the right to determine the most appropriate repair method, including whether a Covered Component is repaired, reconditioned or replaced, and the type of replacement component to be used, provided the repair restores the Covered Component to a safe and serviceable operating condition.
5. Subject to the satisfactory completion of the repairs, You agree to accept such payments to cover the full cost of repairs to the Covered Components of the Motor Vehicle whether paid to You or to the Approved Repairer on Your behalf to be in full satisfaction of the Claim.
6. Where a Covered Component forms part of a larger assembly, Our liability is limited to repairing or replacing the failed Covered Component unless replacement of the complete assembly is reasonably necessary to complete the repair.
7. Acceptance of the payment and/or Motor Vehicle after the repairs have been satisfactorily completed shall also be deemed to be in full satisfaction of the Claim.
8. All Benefit Limits are the GST-inclusive cost of the repairs.

2.12 MISCELLANEOUS

1. This is a EV Warranty for used Motor Vehicles, therefore a part may be worn but still quite safe and serviceable.
2. We will not be liable or held responsible for any damage occurring if the Motor Vehicle is left unattended or being towed.
3. We will not be held responsible for any delays due to a lack of supply of parts or any materials needed to complete any work undertaken.
4. The odometer must be accurate and maintained in good working order. If at any time the odometer has been tampered with, made inoperative or altered, or should any false statement be made by You or any person acting on Your behalf or otherwise, with Your knowledge, in support of any Claim, then this Product will become void and Your rights to Claim will be forfeited in respect of any present and future Claims (applicable if the Motor Vehicle has an odometer fitted at time of manufacturer). Nothing in this clause prevents You from undertaking, at Your own expense, repairs or maintenance to the odometer at a licensed service facility of Your choosing in order to maintain it in good working order.

2.13 CANCELLATION

You may cancel Your Product at any time by providing Your cancellation requests in writing to **claims@theclaimshub.com.au**. If You cancel Your Product, Your cover will end on the date We receive Your cancellation request, unless You inform Us otherwise and We agree to a mutually agreed date. If We agree to cancel this Product, any refund calculation will be on a Rule of 78 basis for the unexpired portion of the Product less any authorised or paid Claims.

Please note:

1. If the EV Warranty Premium is financed, any refund will be made to the financier or whomever the financier directs Us to pay.
2. If You are paying by instalments and an instalment remains unpaid for 14 days or more, the Product is cancelled automatically without further notice to You. If the Product is cancelled for any reason, a cancellation fee of \$100.00 will be incurred. Please see previous Pay By Instalment clause of this document.
3. If there is Roadside Assistance included within the Product, this cannot be cancelled separately.
4. Any complimentary Product will be cancelled but there will be no refundable amount.

We may cancel the EV Warranty if:

5. You fail to comply with Your obligations;
6. You, or a person acting on Your behalf, or otherwise with Your knowledge, provide false or misleading information in relation to a Claim;
7. If the Motor Vehicle's odometer has been tampered with or is defective;
8. If the Motor Vehicle has at any time been used for rallying, racing, and competitive driving or tested for any such events.

HOW WE CALCULATE YOUR REFUND IF YOU CANCEL EARLY (RULE OF 78)

If You cancel Your Product before the end of the term, We use an industry-standard method called the **Rule of 78** to work out how much of Your Premium has been “used” and how much We can refund to You.

WHAT THE RULE OF 78 MEANS

The Rule of 78 assumes that more of the Premium is used in the earlier months of Your coverage. There are **no extra administration fees built into this method**, but it does mean Your refund reduces more quickly at the start of the product.

HOW IT WORKS

For a 12-month product, the months are given weights that add up to **78**.

Month 1 has the highest weight, and Month 12 has the lowest.

- Month 1 uses **12/78ths** of the Premium
- Month 2 uses **11/78ths**
- Month 3 uses **10/78ths**, and so on

When You cancel, We add up the weights for the months You have already been covered. This tells Us how much of Your Premium has been “earned”. The rest is the amount We refund to You (less any approved cancellation fee in Your Product Disclosure Statement).

Example

If Your Premium is **\$1,200 for 12 months** and You cancel after **3 months**:

- Months used: $12 + 11 + 10 = 33/78\text{ths}$ of the Premium
- Earned Premium: $33/78 \times \$1,200 = \507.69
- Refundable amount: $45/78 \times \$1,200 = \692.31
- If a cancellation fee applies, it is deducted from the refundable amount.
- If there is any outstanding dishonoured fees, they will be deducted from the refundable amount.

Please refer to the Goods and Services Tax (Section 3.10) below. Generally, Your Premiums are not tax-deductible and Claims payments are not assessable income for tax purposes unless You purchase Your Product for business purposes. This taxation information is a general statement only. You should seek professional taxation advice for information about Your personal circumstances.

3.10 GOODS AND SERVICES TAX (GST)

Any Claim payments made under the Product will be based on GST-inclusive costs, up to the relevant maximum amount that We pay. However, if You are or would be entitled to claim any input tax credit for any of the things covered, We will reduce any Claim under the Product by the amount of such input tax credit. You must advise Us of Your correct input tax credit percentage where You are registered for GST.

You are liable to Us for any GST liability We incur arising from Your incorrect advice or inaction.

3.11 OTHER PRODUCTS

If at the time of a valid Claim under this Product, there is another Product in force that covers You for the same loss or expense, We may seek recovery of some or all of Our costs from the other insurer. You must give Us any help or information We may need to assist Us with Our loss recoveries.

3.12 FRAUDULENT CLAIMS OR MISLEADING INFORMATION

We take a robust approach to fraud prevention in order to keep Premium rates down so that You do not have to pay for another person's dishonesty. If any Claim under this Product is deliberately fraudulent, exaggerated, or is intended to mislead, or if any deliberately misleading or fraudulent means are used by You or anyone acting on Your behalf to obtain a benefit under this product, Your right to any benefit under this Product will end, Your Product will be cancelled without any Premium refund and We will be entitled to recover any benefit paid and costs incurred as a result of any such deliberately fraudulent or misleading Claim. We may also inform the police.

3.13 SUMMARY OF RIGHTS AND REMEDIES UNDER THE ACL

The protection afforded to You under this Product is in addition to and does not substitute for, or reduce the rights You have under the Australian Consumer Law (ACL). If and to the extent that You have a right to claim under the ACL, You may also need to Claim under Your Product when not covered by the ACL.

The ACL protects consumers by automatically giving them basic, guaranteed rights for goods they purchase ('Consumer Guarantees') at no charge. For example, the ACL requires that, taking account of the nature of goods, the price, any representations made by the supplier or manufacturer and other relevant circumstances, the goods must be free of defects, do what they are meant to do, be safe, durable and acceptable in appearance and finish, be fit for any particular purpose that the consumer makes known, and comply with any description given or any demonstration model used.

In the event of a breach of a Consumer Guarantee where there is a major failure of the goods, consumers are entitled to reject the goods and choose a replacement or refund and claim compensation for any reasonably foreseeable loss or damage suffered by consumers as a result of the failure. Where the failure does not amount to a major failure, consumers are entitled to have the supplier repair or replace the goods (at the supplier's choice). Whether a specific failure breaches a Consumer Guarantee and a consumer is entitled to a remedy under the ACL will depend on the circumstances.

Consumer Guarantees have no set time limit but generally last for an amount of time that is reasonable to expect in the circumstances, given factors including the age, cost and quality of the goods, the use made of the goods or any representation made by the supplier or manufacturer. Consumer Guarantees may continue even at the expiry of the Manufacturer’s Warranty for the Motor Vehicle or this Product. The exact amount of time that Consumer Guarantees last in the case of a specific purchase varies depending on the circumstances.

Motor Vehicles may also have an additional Statutory Warranty. The provisions of such warranties vary from State to State. Any Statutory Warranty may be in addition to or overlap the ACL and may also operate concurrently with the ACL.

3.14 ADDITIONAL BENEFITS UNDER THIS EV WARRANTY NOT AVAILABLE UNDER THE ACL

We appreciate that You may want the certainty of knowing that if the Motor Vehicle You buy is faulty, it is covered for specific events and a specific time period.

When You purchase this Product You are obtaining certainty as to the period of coverage and the remedy You will receive and the convenience of having the repair and/or replacement process efficiently managed for You by AWN and work undertaken by one of Our Approved Repairer.

You will be entitled to the benefits set out in this Product that are not available under the ACL which, subject to the terms and conditions of the Product, are:

- Certainty as to the exact period of cover You have for Your Covered Components;
- Specific repair time guarantee (dependent on diagnosis and parts availability);
- Expert advice and assistance;
- Specified coverage amounts and Additional Benefits; and
- A network of trusted Approved Repairers.
