TARGET MARKET DETERMINATION FOR AUTO AUTO AUSTRALIA EV WARRANTY

This Target Market Determination (TMD) is designed to provide customers, Awn staff and our authorised distributors with appropriate information to understand who this product has been designed for and our approach to determining that the product is likely to be consistent with the objectives, financial situations and needs of the customer and the distribution conditions.

In this document, the terms “we”, “us” or “our” refer to Australian Warranty Network Pty Ltd (“AWN”) ABN 78 075 483 206, AFS Licence No. 246469.

This TMD does not consider any person’s individual needs, objectives or financial situation and does not provide financial product advice or recommendations on the cover.

Please note, that it is the Product Disclosure Statement and Product Document that sets out the terms and conditions of cover. You must refer to the Product Disclosure Statement before deciding about this product.

PURPOSE OF THE PRODUCT

This Auto Auto Australia EV Warranty has been designed to help reduce the financial impact of unexpected and potentially expensive mechanical and electrical repairs to your motor vehicle by providing the parts and labour coverage on Covered Components.

An EV is defined as, a vehicle powered exclusively by one or more electric motors using electrical energy stored in a rechargeable high-voltage traction battery, and which does not use an internal combustion engine for propulsion.

This Target Market Determination (TMD) sets out the target market for:

- Auto Auto Australia EV Warranty is detailed in the Combined Product Disclosure Statement (PDS), product wording and Financial Services Guide (FSG)

TARGET MARKET

The product is designed for consumers who are purchasing a EV used vehicle and wish to reduce the financial impact of unexpected and potentially expensive mechanical and/or electrical repairs to their motor vehicle.

Servicing Requirement - The target consumer is also someone who is prepared to incur the cost of complying with the manufacturer’s ongoing, regular vehicle servicing requirements, as a condition of the product.

Vehicle-related:

COVERAGE	
Vehicle Eligibility	Vehicles less than 8 years of age and 140,000 km's at the time of sale.

This EV Warranty is available for certain makes and models of electric motor vehicles (please note that not all makes and models are eligible, the Selling Agent will advise whether the make and model are eligible). For eligible makes and models, the Motor Vehicle:

- Has not been modified from the manufacturer specification which would have any effect on the Covered Components; and
- Is registered in Australia.

This product is not suitable for

- Vehicles used in competitions, rallies, racing, pacemaking, reliability trials, speed or hill climbing, or any other type of motor racing or competitive activity;
- Vehicles carrying passengers for hire or reward;
- Vehicles used for the purposes of deliveries or as a courier vehicle, or driver instruction or tuition for reward;
- Vehicles being used outside of Australia;
- Hybrid or internal combustion engine vehicles.

The Auto Auto Australia EV Warranty is subject to the acceptance criteria. The Product Disclosure Statement contains the detailed product cover, terms, conditions and exclusions.

Where a person and their vehicle fall within our target market, this does not mean that the cover is right for their individual needs, objectives and financial situation. We do not consider this, and a person needs to consider the PDS, and other information provided by us (and/or seek professional advice) before deciding.

KEY BENEFITS

This product provides benefits should a mechanical or electrical breakdown occur, and that breakdown is caused by a defect, failure or fault of a Covered Component. In the event of a claim, Covered Components will be rectified up to the limits of liability for those components.

COVERED COMPONENTS

Only the mechanical and electrical components forming part of the Protected Vehicle Systems listed below are Covered Components under this Product. Any component, accessory or system not expressly included, or specifically excluded elsewhere in this Product, is not covered.

PROTECTED VEHICLE SYSTEM	EXAMPLES OF COVERAGE COMPONENTS
High Voltage Battery System	Battery Modules, Internal Contactors, Battery Management Hardware
Electric Drive System	Drive Motor, Inverter, Converter
Charging System	Onboard Charger, Charge Port Lock, DC Converter
Thermal Management System	Battery Cooling Pump, Compressor, Thermal Controller
Steering & Suspension	EPS, Steering Rack, Active Suspension
Braking System	Brake Booster, ABS Pump, Master Cylinder
Vehicle Electrical System	Wiper Motors, Window Motors, Heater Fan
Driver Interface	Touchscreen Hardware, Media Control Unit

Please see the Product Disclosure Statement for a full description of Covered Components. We will pay up to the amount specified in the table below for the applicable cover option.

COVERAGE	
Benefit Limit for each valid claim	Either a Benefit Limit of \$7,500 per claim.
Total Benefit Limit for Term of the Product	Up to the Market Value of the Motor Vehicle or \$120,000, whichever is the lesser.

The coverage provided saves you the cost of repairs should a breakdown of a Covered Component occur. Further, AWN's experience, knowledge and expertise allow AWN to direct your motor vehicle to the closest approved repairer or dealer service outlet. Parts for repairs can generally be sourced at a lower cost by AWN, which also represents a potential saving to you were a claim may exceed the limits of our liability or the total benefit limit.

The product also provides additional cover benefits to assist you in paying the following in the event of an approved claim in relation to a Covered Component:

TOWING ASSISTANCE

Benefit Limit: Up to \$100.00 per claim - reimbursement for towing charges in the event of an authorised claim where your motor vehicle is unable to be quickly repaired where it is located or safely driven to an approved repairer or dealer service outlet.

ACCOMMODATION ASSISTANCE

Benefit Limit: Up to \$100.00 per claim - reimbursement for emergency accommodation, arrangements and costs in the event of an authorised claim where you are more than 400 km from your registered residence and the covered breakdown takes more than 48 hours.

CAR HIRE ASSISTANCE

Benefit Limit: Up to \$100.00 per claim - reimbursement for car hire costs in the event of an authorised claim where you are more than 400 km from your registered residence and the covered breakdown takes more than 48 hours.

Cover limits and premium pricing are based on the level of coverage and the term of your product.

KEY EXCLUSIONS

- Damage to the Covered Components as a result of:
 - Overheating or failure to properly maintain coolants and lubricants;
 - Impact or a road traffic accident;
 - Not being maintained in accordance with the appropriate service requirements of this Product;
 - Misuse, neglect, abuse or inappropriate servicing or any repairs required as a result of continued operation of the Motor vehicle once a defect or fault has occurred;
 - Failure to maintain recommended levels or use of incorrect types and grades of fuel, oil, coolants or lubricants or use of any contaminated fuel, oil, coolants or lubricants;
 - Deterioration due to normal wear and tear or the gradual reduction in operating performance of the Motor vehicle or any Covered Component;
- Any pre-existing or known faults existing prior to the commencement of cover or which can be reasonably determined to have arisen or occurred during the manufacturer's warranty and/or the Selling Agents Statutory Warranty period for the Motor vehicle;
- Hybrid or internal combustion engine vehicles.
- Any repairs or failures where we have not been provided with a reasonable opportunity to assess the damage/fault for the purpose of determining that the repair/replacement was required to remedy a fault or reduce the likelihood of the failure;
- Any Covered Components or parts subject to recall by the manufacturer, component parts or design elements which are found to have been an inherent design fault, including parts subject to:
- Noisy parts or components, in the absence of their mechanical failure;
- Costs associated with or related to diagnosing, dismantling and reassembling the Motor vehicle, or consumables lost or required to be replaced unless accepted as part of an authorised Claim.
- Gradual Reduction in Traction Battery capacity, charging speed or driving range;
- battery degradation due to age or normal use;
- thermal runaway;
- battery fire;
- smoke contamination;
- emergency response isolation procedures;
- battery software recalls;
- battery management campaigns;
- unauthorised battery repairs;
- High Voltage system modifications;
- battery casing damage;
- battery leads;
- external battery wiring;
- charging ports;
- external electrical connectors;
- non-approved charging equipment;
- incompatible charging equipment;
- defective charging equipment;

- repeated DC fast charging contrary to manufacturer recommendations;
- voltage spikes;
- electrical surges; or
- external electrical supply failures.

DISTRIBUTION OF THIS PRODUCT

This product is issued by Australian Warranty Network ("AWN") ABN 78 075 483 206, AFS Licence No. 246469 and distributed via:

Auto Auto Australia and their representatives who have been authorised by AWN to deal in relation to this Product. Only our authorised insurance brokers and their authorised representatives are authorised to distribute this product as they understand the market this product has been designed for, have been trained in the relevant acceptance criteria and have the appropriate levels of authority.

This product can only be issued to customers that are eligible for cover in accordance with the application criteria that have been approved in writing by the Issuer and which complies with relevant laws.

The application process has been tailored to identify the target market described in this TMD as part of the eligibility criteria for the product covered by this TMD, and the use of the application process would make it more likely that the product covered by this TMD will be acquired by persons in the target market.

REVIEWING THIS DOCUMENT

We will review this TMD within two years from the effective date to ensure it remains appropriate and in compliance with the objectives, financial situations and needs of the customer.

Furthermore, we will also review this TMD if any event or circumstances (called 'review triggers') occur that would reasonably suggest that the determination is no longer appropriate, such as:

- We make a material change to the cover provided by the product,
- A change in our acceptance criteria that impacts on the suitability of the product for the target market,
- Any material changes to the distribution of the product,
- The discovery of a relevant and material deficiency in the product's disclosure documentation,
- Systemic complaints and claims issues that indicate that the product is no longer suitable for the described target market,
- Material and relevant reductions in our key product suitability metrics such as:
 - Number of cancellations and lapses of the product;
 - Data on product claim ratios, the number, nature and size of paid, denied and withdrawn claims and claims experience;
 - Product value and affordability.

We will review this TMD within 10 business days of the occurrence of any review trigger.

REPORTING

AWN must record all complaints received about this product on a quarterly basis (Complaints Reporting Period). Our authorised distributors are required to provide us with written details of any complaints that they have received about our product within 2 business days of receipt. If the complaints are systemic and indicate that this product is no longer suitable for the described target market, we will review and update the TMD within the timeframe indicated above.
